

Bond Clean Specialist

Home Page Changes — Step-by-Step Implementation Report

Purpose: Improve the existing homepage so visitors quickly understand the services, trust the business, and request a quote.

Recommended approach: Keep the existing overall structure, but reduce repetitive text, strengthen the sales messaging, improve visual hierarchy, and make the quote CTA more prominent.

Step 1 — Header & Navigation

Change: Simplify the navigation and make the quote action prominent.

Navigation: Home | Services ■ | Areas We Service | About Us | How It Works | Contact

Right side: 1300 555 014 + **GET A FREE QUOTE**

Mobile: Keep “Call Now” and “Get Free Quote” easily accessible.

Keep the form short and visually clean.

Step 4 — Trust / Benefits

Heading: Why Customers Choose Bond Clean Specialist

Four cards:

Clear Quotes: Know what you're paying before the clean begins.

Detailed Cleaning: We focus on areas that are often missed in a standard clean.

Local Service: Serving Brisbane and the Gold Coast.

Reclean Support: If we miss something we cleaned and it is flagged during inspection, contact us with the inspection notes.

Avoid claiming a “bond-back guarantee” unless the business formally offers one.

Step 5 — Introduction / About

Heading: Cleaning That Takes One More Thing Off Your Moving List

Moving house comes with enough to organise. Packing, removalists, utilities, paperwork and inspections can quickly become overwhelming.

Bond Clean Specialist takes care of the cleaning, with detailed bond cleaning, spring cleaning and oven cleaning for homes across Brisbane and the Gold Coast.

Our focus is simple: deliver a thorough clean, communicate clearly and make the process easy from booking to completion.

Heading: Moving Out? Start With a Detailed Bond Clean

Leaving a rental property can be stressful enough without spending your final days scrubbing every corner. Our bond cleaning service is designed to cover the areas commonly checked during a rental inspection — from kitchens and bathrooms to floors, skirting boards, cupboards and window tracks.

Checklist: Kitchen ✓ | Bathrooms ✓ | Bedrooms ✓ | Living Areas ✓ | Floors ✓ | Skirting Boards ✓ | Window Tracks ✓ | Oven ✓

Button: GET A BOND CLEAN QUOTE

This should be a visually strong section because bond cleaning is a core commercial service.

Step 8 — What We Clean

Heading: What We Clean

Intro: We work through the property systematically, paying attention to the details that are easy to overlook.

Kitchen: Benchtops, splashbacks, cupboards, appliance exteriors, oven.

Bathrooms: Showers, tiles, grout, vanities, mirrors, tapware.

Living & Bedrooms: Skirting boards, doors & frames, light switches, surfaces, window tracks.

Floors: Vacuuming, mopping, detailed floor cleaning.

Use icons and short lists instead of long paragraphs.

Step 9 — Why Choose Us

Easy Booking: Tell us what you need and we'll help organise a suitable time.

Step 13 — Customer Reviews

Use only genuine customer reviews. Do not publish invented testimonials.

Recommended format: ■■■■■ + short review + customer name + suburb (only if appropriate).

Once available, connect the section to genuine Google reviews.

Step 14 — FAQ

Heading: Frequently Asked Questions

Keep five key questions on the homepage: What is bond cleaning? What does a bond clean include? Do you clean ovens? Do I need to be home? How do I get a quote?

Button: VIEW ALL FAQs

Move the longer FAQ content to the dedicated FAQ/service page.

Step 15 — Final CTA

Implementation Priority

Priority	Change	Reason
1	Hero + CTA	Biggest impact on enquiries and first impression.
2	Quote form	Turns visitors into leads.
3	Services cards	Makes core services immediately understandable.
4	Bond cleaning section	Strengthens the main commercial service.
5	Trust/benefits	Builds confidence before asking for a quote.
6	Service areas	Improves local relevance and SEO.
7	Real reviews	Adds social proof once genuine reviews exist.
8	FAQ + footer	Improves usability and completeness.

Final content rule: Do not overfill the homepage. The homepage should sell the service and drive enquiries; detailed cleaning checklists, long FAQs and extensive service descriptions can live on the Services/FAQ pages.

SEO basics: Use the primary phrases naturally: bond cleaning Brisbane, end of lease cleaning Brisbane, bond cleaners Brisbane, bond cleaning Gold Coast, oven cleaning Brisbane and spring cleaning Brisbane. Avoid keyword stuffing.
